

MAYOR GIVES OUT COMMITTEE LIST FOR CELEBRATION

Prominent Newark Men and Women Will Handle Anniversary Event.

The committee of one hundred to be in charge of the celebration marking the 250th anniversary of the foundation of Newark, was announced today by Mayor Jacob Haussling. Representative men and women of this city make up the committee. Former Governor Franklin Murphy is chairman of the committee. During the past several weeks Mr. Murphy and the mayor have held numerous conferences and arranged for the celebration.

The event, which will be held in 1916, will be the biggest affair ever held in Newark. Mayor Haussling states that thousands will be drawn to the city by the elaborateness of the celebration. In this way Newark will be greatly advertised.

It is expected that Chairman Murphy will call a meeting of the committee in the very near future. He declared that the committee will be subdivided so that every branch of the celebration will have the proper attention to insure success.

The committee in full follows: Alexander Archibald, George B. Astley, Henry S. Altai, Albert H. Biettemple, Charles Bray, Joseph E. Bloom, Philip C. Blumberg, R. Heber Breinthal, Angelo R. Burglars Force Entrance to Prince St. Synagogue and Steal Silverware

It was reported to Captain Vogel of the Fourth precinct, today that the Congregation Adas Israel, a Jewish synagogue at 30 and 34 Prince street, had been entered last night by means of forcing a rear window and that the marauders had taken an eighteen-inch stove pipe which leads to a vault where valuable silver is stored and had enlarged the opening enough to admit passage.

It was at first thought that nothing was taken but it has been said that there were several pieces of silver stolen and that the burglars had probably been frightened away by the detective Kuhn, who is now headquarters, has been detailed to investigate.

Janitor at Apartment Reports Jewelry Robbery

John Spencer, janitor of the Park Crest apartment at 95-97 Parker street, reported to the police that the home was entered by burglars between Sunday and yesterday and his wife's diamond ring, valued at \$90, taken, with other jewelry amounting to \$44. When the alarm was made at forcing the rear door and window at the home of John H. Dunn, at 218 Mt. Prospect avenue during the night, but nothing was taken. The last night of 18 Newark street was minus his gold watch and chain when he awoke in Washington Park today. Detective Godwin and Volk, of the Second precinct, are investigating.

Theft of Valuable Iron Causes Arrest of Two Men

For the alleged theft of several hundred dollars' worth of galvanized sheet iron two young men were arrested today by Police-Lieutenants Ryan and Fagan. The prisoners said they were Joseph Tremley, twenty-nine years old, of 153 Ferry street, employed as a driver for the Newark Spring Mattress Company, and Charles Wolf, twenty-two years old, of 40 Nichols street.

The police are said to have recovered some of the alleged stolen iron, valued at approximately \$400. The iron was the property of the Newark Spring Mattress Company.

Ninety-four Deaths This Week

During the past week there was an increase of seven contagious diseases reported at the local office of the Board of Health. There were twenty-one deaths from contagious diseases and seventy-three from general causes. The weekly report shows seven deaths from accidents.

FAIR PLAINTIFF REFUSES TO ACCEPT AWARD IN BREACH OF PROMISE SUIT

A breach of promise suit that was settled six years ago, in which the woman, now said to be the wife of a count in Italy, spurned the money verdict of the jury, figured in court again today. The old case was recalled when Eugene Dotto, a lawyer, representing the bondsmen of the defendant, the suit, asked Chief Justice Gummers for an order vacating the bonds or compelling the plaintiff to file her judgment.

Miss Annie Frusella, pretty Italian girl of nineteen, visited this city seven years ago to see some friends. While here she met Anthony Masi and they became engaged. He broke his promise and refused to marry her, she claimed, and through McDermitt & McDermitt she brought suit against him. The jury gave a verdict of \$900 in her favor. The case was heard then before Chief Justice Gummers, who today heard the new development.

Part of the money was offered her, but she spurned it, declaring that she didn't want the money; she wanted her former sweetheart to marry.

He told the court that the young woman was now residing in Foglia, Italy, and that he understood she had married a Count Piccirilli. She was a daughter of a former mayor of the town in which she lives. Anthony Masi is a druggist with a store at Fourteenth avenue and Newton street.

Mr. McDermitt informed the court that he would take steps to have the judgment docketed before the end of next week, and in the meantime he would find some method of disposing of the case.

BIRGLARS AGAIN BUSY DOWN TOWN

Members of the detective bureau today doubled their efforts to apprehend the safe burglars who successfully operated in two business houses in Washington street early Thursday morning following a bold attempt to burglarize the sporting goods store of the George Hunt Company, 28 Market street, during last night.

The detectives now believe that the yegmen who got away with about \$700 from the safe of the Alfred Peats Company, 222 Washington street, are still in the city, and with this idea in view finger prints found in the Hunt store will be compared with those found in Peats' store.

Lieutenant Tyler was notified at police headquarters early this morning that an attempt had been made to rob the Hunt store, and Detectives Corbitt and Donnelly were assigned to the case.

They found that the thieves had cut through the pane of glass in the rear window and had then cut out a pane of glass with a glass cutter and removed two boxes from the window, leaving a space large enough for a man to pass through into the store.

The stock was not disturbed and the police believe that the marauders frightened away before they accomplished their desire. Finger prints were found on the glass taken from the Hunt store, and these will be compared with those found in Peats' store.

The four detectives, including Lieutenants Corbitt and Donnelly, are working on the case.

Furniture Warehousemen Convene at Hopatcong

Essex county will be well represented at the semi-annual convention of the Furniture Warehousemen's Association, which will be held in the Hotel Breslin, Lake Hopatcong, on Monday. It is expected that about 150 delegates will attend.

The delegates come from all sections of the county. A number of the California delegates arrived in Newark yesterday and visited Newark on their way to the lake.

For those who went to Lake Hopatcong today a program of entertainment has been arranged, which includes boating, motoring and dinners. Thomas L. Morton, of the Model Storage Warehouse, will represent Newark at the beach. He is represented by President Walter C. Reid, of the Lincoln State Deposit Company, of New York.

Anonymous Bequest of About \$10,000 to Enlarge Church Organ

An anonymous bequest of about \$10,000 has been made by a member of the congregation of the Westminster Presbyterian church, Bloomfield, to the church. The bequest was made by a member of the church, which was installed in the church in 1882 at a cost of \$12,000. The original organ was a gift from the church. An attempt was made to enlarge the organ, but it was found that the organ was too small for the church. The church is now planning to enlarge the organ.

After the remodeling of the organ, it will be the largest in Essex county, outside of this city. It will be several months before the work on the organ will be completed.

POLITICAL PICKUPS

The list of aspirants for the surrogate nomination on the Republican ticket has been added to by the entrance of Francis Clark, the well-known building contractor of this city. Mr. Clark is not only an avowed candidate but has a number of active friends who are working in his interest.

The quest for signatures was not a long one and Mr. Clark made it a point not to ask any officeholder or employee of any city or county department, to sign the petition, limiting it to business men and citizens not affiliated with any faction of the Republican party. Mr. Clark has resided in Newark for sixty-three years and has always been identified with the Republican party.

At the regular meeting of the Fifth Ward Republican Club last night Eugene Dotto was inducted for member of assembly. Austin Colgate for renomination as State senator, for surrogate; Austin Colgate, for State senator; Louis Pfeiffer and John F. Murray, Jr., for Board of Works commissioners; and Richard F. Mattia, Amos W. Harrison and August L. Lacombe for members of the Board of Freeholders.

Board of Works Commissioner Arthur R. Denman has announced his candidacy for renomination. The announcement was made in an address before the members of the Ninth Ward Republican Club, at 67 Elizabeth avenue.

The West Side Club has unanimously inducted former Assemblyman Charles Levee as candidate for the Board of Works.

wanted her former sweetheart to marry. She returned to Italy without filing the judgment and Masi's bondsmen have had to keep the bonds alive ever since. Frank M. McDermitt explained to the chief justice in opposing Mr. Dotto's application that his client had written to him that she did not care what he did about the money; she didn't want it. He felt, however, that he had no right to consent to the cancellation of the judgment.

He told the court that the young woman was now residing in Foglia, Italy, and that he understood she had married a Count Piccirilli. She was a daughter of a former mayor of the town in which she lives. Anthony Masi is a druggist with a store at Fourteenth avenue and Newton street.

PERSONS SEEKING COMPENSATION FOR INJURIES RECEIVED WHILE AT WORK.

Four actions for compensation under the employers' liability act have been started with the filing of petitions in the County Clerk's office. Hearings on all petitions have been set down for July 29 by Judge Harry V. Osborne in the Court of Common Pleas.

In her petition, Miss Bertha Hay, of 415 South Sixteenth street, declares that she was in the employ of the Aluminum Goods Manufacturing Company, at Springfield avenue and Nineteenth street, on August 1, 1913, when she was injured. She worked on a drop press, she says, and was her duty to take good care of the material she was working on. On August 1 a rainstorm came up and the rain poured in a window and on the goods she was stamping.

To save the material, she says, she climbed on a bench to close the window. She slipped and fell and was injured on the head, right hand and arm and other parts of the body.

Fred Carle, a tinsmith, of 277 Ferry street, petitions for pay for hurts he received, also on August 1, while removing an old tin roof from a building in Lafayette street. He was employed by John P. Wagner, a plumber and tinsmith, of 176 Ferry street. Carle alleges that his hands and arms were badly cut and permanently injured as a result of the accident.

George Ruppenstein, of 361 South Nineteenth street, is another petitioner. He was injured by a horse he was driving for P. Ballantine & Sons, brewers. On February 3, 1913, the horse kicked him and fractured his right knee and leg.

Albert Bernhardt, of 93 Ellis avenue, Irvington, claims he was injured on November 5, 1913, in the factory of the Eclipse Tanning Company, at 119 Sussex avenue. His left leg was injured when he was caught in a "fishing" machine which he was operating.

The last petitioner, Bernhardt, is represented by M. J. Quigley.

Invermore on Rocks of Labrador; Passengers Safe

ST. JOHNS, N. F., July 11.—All of the passengers on the coastal steamer Invermore, which struck on the rocks near Brig Harbor Point, and the Labrador Coast, last night, were landed safely today. Messages received from the steamer today, said that the steamer filled rapidly after striking, and was today resting on the rocks with only her top deck above water.

The Invermore struck while trying to avoid the heavy ice north of the Strait of Belle Isle. She left here July 4 to go to St. John's, where she would permit. She carried a heavy freight and many passengers, most of them Labrador fishermen and planters, who were bound north for the summer.

The steamship Kyle, with divers and wrecking gear, was sent from here for Brig Harbor today, as the officers of the Invermore believed that there was some hope of refloating the vessel.

HELD FOR STRIKING GIRL

Thomas Burkey, 23 years old, of 114 Clifford street, was held under \$300 bond for the grand jury by Acting Judge Rooney in the Third Precinct Court today, upon complaint of five-year-old Amelia Mastonska, of the same place, who alleges that when she reprimanded her young brother for throwing stones at her, Burkey struck her in the left eye, injuring and discolored it.

Special to the Evening Star. PHILADELPHIA, July 11.—Her nerves shattered and her health gone through remorse, a woman, who said she was Mrs. Anna James, of Bala, Pa., today repeated to the police her declaration that she deliberately starved to death her four-year-old son, the woman was well dressed and wore valuable jewelry. She said that four years ago her son became ill and a physician prescribed for him. She said she ignored the doctor's advice and gave the child nothing to eat for a week, when he died.

Fearing to confess to her husband, she said she decided to throw herself on the mercy of the law. The police are investigating her story.

MAN ILLEGALLY HELLED TWO DAYS, GETS FREEDOM

Duborski, Acquitted by Federal Court, Victim of Office Mistake.

Through the efforts of the Evening Star, John Duborski, of New York city, was released from the county jail today. Duborski was acquitted by a jury in the United States District Court on Thursday following a trial on charge of stealing goods from interstate commerce shipments. Instead of being released following his acquittal he was taken to the county jail and imprisoned there on an Essex county indictment that was canceled June 15. From Thursday night until noon today, when he was released through the efforts of the Evening Star, Duborski was held in the jail without cause. If the county authorities had notified Jail Warden Richard McGuinness of the cancellation of the county indictment against Duborski he would not have been held there. The Star called attention to this mistake and it was through this source that Duborski was released today.

Duborski can not understand English very well. When the jury returned after his trial Thursday with a verdict of "not guilty" he asked one of the attendants "how much he had been in jail." Duborski said he told he would have to serve two years in prison. It was not until yesterday that he learned he had been acquitted, he said. He was reading The Star and saw the story there. He further declares that the deputies who took him to the jail Thursday night gave him to understand he had been convicted.

Investigated by Evening Star. A reporter for The Star investigated Duborski's case and then called on the attention of Chief Frederick Welmer, of the prosecutor's office. He corroborated the statement of the reporter and ordered Court Clerk Arthur B. Finch to make out a release for Duborski.

The release was given to the reporter, who took it to the jail. Warden McGuinness refused to accept it, however, because it had not been delivered by a court attendant. The discharge was returned to the sheriff's office and served by a deputy. Duborski was then released.

He left the jail accompanied by a reporter for the Evening Star. He was profuse in his thanks to the Star and to William J. Dowd, who assisted the reporter in obtaining Duborski's release. Attorney Dowd represented Philip D. Elliott, who secured the acquittal of Duborski.

The acquittal was obtained after Attorney Elliott had offered to plead his client not guilty to a charge of robbing the stolen goods. George M. Kealey, counsel for the railroad, refused to accept this plea, and insisted that the case be prosecuted. Mr. Kealey acted as prosecutor.

Duborski was arrested on April 28 by Officers Trux and Fischer, of the Sixth precinct. A dozen shirts and a pair of trousers were found in his possession. A charge of larceny and breaking and entering was then lodged against him.

Overlooking the fact that Duborski was a foreigner, the federal indictment was found against him, based on the same alleged offense which formed the basis of the county indictment. He was turned over to the federal authorities for prosecution on June 15, and the county indictment against him was nolle prossed at that time.

Warden McGuinness says he did not officially know that the county indictment against Duborski had been canceled. The indictment found against Duborski by the county grand jury was based on the same offense that the federal indictment was founded on.

Healing by Faith for Money Is Held Illegal

NEW YORK, July 11.—Healing by faith as practiced by Christian Scientists for money was ruled today by the Appellate Division of the Supreme Court affirmed the judgment of Justice Seabury imposing a fine of \$100 upon William Vernon Cole, a Christian Science healer, who was prosecuted by the County Medical Society.

Cole has an office in the Brunswick Presbyterian church, at 210 Hudson street. He is a member of the church and has been practicing his healing for many years. He was charged with practicing medicine without a license.

CARSON HOLDS POWERS IN ULSTER WAR

Leaders in Fear of Conflict in Ulster at Orange Day Festivities.

LONDON, July 11.—With Sir Edward Carson, chairman of the Ulster "provisional government" in Ulster, and with full power to proceed in whatever manner he thinks fit without calling another meeting of the council, it is felt here today that whether there shall be civil war or peace in Ulster rests almost entirely with Carson.

The situation is fraught with the gravest possibilities is well recognized here, especially in view of the open manner in which Sir Edward was guarded upon his arrival by a body of four hundred men fully equipped for the field. What action Sir Edward will take is not known, but that something will be done soon is thought inevitable, as Home Rule will automatically become a law within a few weeks.

The authorities are said to be awaiting with some fear the outcome of tomorrow. Inasmuch as that day will be the anniversary of the Battle of the Boyne, the celebration of that event may be attended by trouble, and on many sides it is feared that the first clash between the authorities and the armed volunteers which will precipitate civil war may occur there.

The provisional government gave to Sir Edward Carson a free hand to take whatever action he may think necessary in calling the Ulster volunteers to arms. The men were declared ready for mobilization at a moment's notice.

The official report of the meeting announced that the executive had been instructed to act in accordance with the spirit of a declaration asserting that the provisional government would resist by every means in its power every attempt to impose the authority of a home rule Parliament on Ulster.

A resolution also was adopted expressing willingness to consider any proposal on the home rule question which recognizes the loyalty of the Ulster volunteers to the crown and constitution and preserves their inalienable rights "under the imperial Parliament."

Six Deaths and Heavy Property Damage Result of Lebanon Valley Storms

PHILADELPHIA, July 11.—Six persons killed and property damage estimated at hundreds of thousands of dollars was the toll today of cloudbursts and electrical storms in the Lebanon valley and the anthracite coal region of Pennsylvania. Three persons were drowned in Scranton and vicinity in a flood that followed the cloudburst; one man was killed by lightning at Wilkes-Barre, and two met death at Lebanon, one when he stepped on a live wire broken during the storm, and another by lightning.

Overlooking a creek in the Lebanon district flooded thousands of acres of corn and wheat while hail that accompanied the storm destroyed much of the fruit crop. Twenty-five men were caught in a mine two hundred feet below the surface at Lehigh, when a dam burst and flooded the mine workings. They all managed to escape to the surface by wading through water up to their shoulders.

Country's Foremost Educators Arraign School Systems

ST. PAUL, Minn., July 11.—Practically all of the delegates to the fifty-second annual convention of the National Education Association, which concluded its sessions here last night, left today for their homes. An audience that filled the large auditorium, where the general sessions of the convention were held, today met the country's foremost educators, all of them former presidents of the association, in a sweeping arraignment of educational systems and politics at the final meeting last night.

The speakers were: John W. Cook, president of the State Normal School, Duluth; James M. Greenwood, superintendent of schools, Kansas City, Mo.; Lorenzo D. Harvey, president of the State Institute, Monticome, Wis.; Edward T. Fairchild, president of the New Hampshire College of Agriculture and Mechanical Arts, Durham, N. H.; Carroll G.
